SHARK
ZONE

WR10
KEYBOARD WRIST REST

Better Typing, Longer Gaming

Your keyboard can handle stress; your wrists though need a little support. The SHARK ZONE WR10 Keyboard Wrist Rest is your simple solution against wrist cramps. The WR10 keeps your palms at an even level to the keyboard and provides relaxed, straight support for the wrists. Ideal for extensive gaming sessions.

It does not matter if it is gamers or office workers, with the WR10 typing or gaming sessions lasting for hours are always enjoyable. The WR10 Keyboard Wrist Rest consists of soft foam with memory function. Even after short use, the WR10 feels like it was made specifically for you.
