To ensure a proper use of all functions and features of the device you need to use an additional app. The required app can be downloaded for free in the App Store: Simply scan the QR code on the back of the packaging.

Do not use both plugs of the combo drive simultaneously!

This device is formatted as FAT32 file format. Please preserve this file format to ensure a proper use of this device!

"Made for iPod, iPhone and iPad" products are licensed by Apple and are manufactured under Apple performance standards. MFi products are designed for connection with Apple devices.

Read- and write performance is depending on computer capabilities and file size. 1 GB = 1 billion bytes. Available capacity of device is less - Device is using up to 10% of physical memory for formatting and other functions. MediaRange USB 3.0 flash drives are also compatible with

USB 2.0 ports. Please note that the read- and write performance will be lower than the mentioned speed.

iPhone, iPad, iPod and Mac are trademarks of Apple Inc., registered in the U.S. and other countries. All brand names and trademarks are the properties of their respective holders and are referred to here for descriptive purposes only.
