

**NEW PRODUCT**

# MAXWELL 2

## WIRELESS GAMING HEADSET

For PlayStation: UPC: 819343015684 | SKU: 208-MW-1125-O1

For Xbox: UPC: 819343015660 | SKU: 207-MW-1125-O1

We've improved the best-performing wireless headset on the market with even better audio quality, comfort upgrades, and exciting new features.

Experience heightened spatial immersion, precise and punchier bass response with our patent-pending SLAM™ technology. The all-new Audeze app for desktop and mobile gives you more control, while magnetically attached earpads and earcup covers make Maxwell 2 the most customizable headset yet—with limited-edition drops coming soon.

### Industry-Leading Audio

Push your gaming audio to new levels of lifelike clarity and powerful bass thanks to the new 8th-generation 90mm planar drivers with SLAM technology.

### Upgraded Comfort

Built for marathon gaming sessions with a new wider, ventilated head strap and all-new replaceable earpad design with more space to accommodate a wide range of users.

### AI-Powered Microphones

Sound even clearer on chat and stream with new 48kHz high-bandwidth FILTER™ AI noise removal. Any distracting background noise is silenced instantly at the push of a button.

## Specifications

Style.....	Over-ear, Closed-back
Transducer type.....	Planar magnetic
