Benut uw printomgeving optimaal met het ruimtebesparende HP Print Forward-design en voordelige professionele kleurenprints.^[1] Reduceer de kosten met printerparkbeheeroplossingen. Werk productief met een all-in-one speciaal voor ondernemingen met grote printvolumes.

Printer met dynamische beveiliging Bepaalde HP-printers zijn bestemd om alleen te werken met cartridges die nieuwe of hergebruikte HP-chips of elektronische HP-circuits hebben. Deze printers gebruiken dynamische beveiligingsmaatregelen om cartridges te blokkeren die gebruikmaken van een chip of elektronische circuits die niet van HP zijn. Door periodieke firmware-updates wordt de effectiviteit van deze maatregelen behouden en blokkeren cartridges die eerder wel werkten. Hergebruikte HP-chips en elektronische HP-circuits maken gebruik van hergebruikte, gerecyclede en opnieuw gevulde cartridges mogelijk.
