

The Notepal L2 is the affordable, no-frills lightweight laptop cooling solution for all your needs. Wherever or whenever you are, our laptop stand offers a silent cooling fan with plug-and-play capability for convenient performance, and a full mesh metal board for optimal air flow and minimal slippage. User-friendly ergonomic design boosts comfort when using your laptop for long periods, improving productivity in the workplace and in the game.

Features

- Slim and Lightweight for Portable Cooling - Take the stand wherever you want, and use it whenever you need.
- Silent Plug-and-Play Fan - One large fan (160mm), instead of multiple smaller fans to reduce noise and efficiently dissipate heat in silence.
- Full Mesh Metal Board - Full range frameless mesh allows superior airflow and prevents laptop slippage.
- Ergonomic Comfort – With ergonomically proven 8 ° viewing angle, improve typing comfort and boost your productivity in the workplace and in the game.
