

Fluke MicroScanner² Cable Verifier Professional Kit

ACT-MS2-KIT 4016032358893

MicroScanner2 Cable Verifier Professional Kit
includes MicroScanner2, Main Wiremap Adapter batteries, guide, cables

Next-generation MicroScanner verifies voice/data/video cable and services with an oversized display with revolutionary user interface.

The MicroScanner² Cable Verifier presents a revolutionary change in voice, data, and video cable testing. It starts by taking results from what was four different test modes and displaying them all at once – graphical wiremap, pair lengths, distance to fault, cable ID, and far end device. What's more, its integrated RJ11, RJ45, and coax test ports support virtually any type of low-voltage cable testing with no need for awkward adapters. The end result is reduced test time and technician error. That makes high-quality installations more efficient than ever. Today's communications technicians have a lot more problems to deal with than just the cabling. They have to rule out a whole host of potential cable and service issues before determining the cause of a connection problem. Is there telephone voltage? What's the polarity? Is there an Ethernet switch at the far end? Is PoE available? MicroScanner² acknowledges this, giving technicians high power vision to verify today's most common voice, data, and video services. That means faster, more comprehensive troubleshooting.

- 1 Area of application: Verifies voice/data/video cable
- 1 General properties:
- 1 Display: Monochrome liquid crystal display
- 1 Housing: Plastic with shock absorbing overmold
- 1 Dimensions: 7.6 x 16.3 x 3.6 cm
- 1 Weight: 363 g
- 1 Battery: 2x AA-alkaline
- 1 Life of battery: Up to 20 hours of typical use
- 1 Package content: MicroScanner² Cable Verifier with main wiremap adapter
- 1 IntelliTone Pro 200 kit
- 1 Accessory soft pouch
- 1 Fluke Networks carry case
- 1 Remote identifiers #2-7
- 1 Shielded twisted pair RJ45 patch cord
- 1 RJ11 patch cord
- 1 Clip-set RJ45 to 8 alligator clip bare wire adapter
- 1 F Coax push on patch cord
- 1 Technical properties:
- 1 Test Connectors: Twisted-pair: UTP, FTP, SSTP 8-pin modular jack accepts RJ45 and RJ11 Coax: F-connector for 75 Ω, 50 Ω, 93 Ω cables
- 1 IntelliTone Toning: Locates virtually any cable or wire pair with IntelliTone digital and analog toning
- 1 VDV service detection: User-configurable NVP for twisted pair and coax
- 1 Calibration: Determines actual NVP with known length of cable
- 1 Operating temperature: 0 °C to 45 °C

Package Content

- 1 1x MicroScanner² Cable Verifier with main wiremap adapter
- 1 Remote identifiers #2-7
- 1 1x IntelliTone Pro 200 probe
- 1 1x shielded twisted-pair RJ45 patch cord
- 1 1x RJ11 patch cord
- 1 1x clip-set RJ45 to 8 alligator clip bare wire adapter
- 1 1x F Coax push on patch cord
- 1 1x accessory soft pouch
- 1 2x AA alkaline batteries, 1x 9V alkaline battery
- 1 1x MicroScanner2 Getting Started Guide, 1x MicroScanner2 Owners CD
- 1 1x IntelliTone Pro Getting Started Guide, 1x IntelliTone Pro owners CD
- 1 packaged in a deluxe Fluke Networks carry case
