PRECISION AND CLICKY SATISFACTION

The MasterKeys MK120 is your first step to grown-man gaming, with two tools to help you elevate your skills.

The MK120 a durable keyboard outfitted with Mem-chanical Clicky switches, which abandon the mushiness of membranes for the clicky satisfaction of mechanical keyboards.

Add in RGB capability for looks and easy multimedia keys for convenience, and you have everything in your arsenal to go on a killing streak.

FEATURES

- **Mem-chanical Clicky Switches -** Cooler Master's exclusive switches are durable, feel and sound like mechanical clicky switches. No more mushy keys, just satisfying clicks and clacks with a 100M+ rated lifespan. The switches also feature a 3.8mm travel distance and 1.8mm actuation point.

- **Water splash resistant** – Avoid damage from liquid spills due to a specially coated printed circuit board

- **Floating switches design** with sleek style, elegant and classic look that allows more light to shine through.

- Brilliant **per-key RGB** capability for brilliant lighting effects specialized for each key

- **Multimedia Shortcuts** through FN On-the-Fly commands as well as windows lock and full keyboard lock functionality.

- **Adjustable Repeat Rate** (1x, 8x) for normal mode and turbo mode.

- **Responsive 26-key Anti-Ghosting** to ensure you do not need to worry about whether your keyboard can keep up. With 26-key anti-ghosting, every single key press will be registered precisely. Never make duplicate keystrokes again.

SPECIFICATIONS & PACKING INFORMATION

| Product Name	MasterKeys MK120
Product Number	MK-120-KKMF1-XX
Switch Type	Mem-Chanical Clicky
Material	Plastic
Color	Black
LED Color	RGB
Lighting Mode	Per-key full backlight, multiple modes and reactive effects. Controllable through FN key combo.
Polling Rate	125Hz
