

Product Overview:

1. SATA Power Connector
2. Connector: 2x USB 3.1 Type-A

Installation:

1. Turn off your computer and unplug your power supply.
2. Open the case.
3. Insert the Host Controller Card into an available PCIe slot (PCIe 3.0) and ensure the card is firmly secured.
4. Connect the SATA power connector to the power supply.
5. Close the case and restart your PC.

Driver Installation:

Windows 8:

If you use Windows 8 operating system, the driver does not need to be installed. The card is automatically recognized and is immediately ready for use.

Windows 7:

1. Insert the CD.
2. Run "setup.exe" and follow the instructions in the installation wizard until it is finished.
3. Restart the PC.
4. The USB 3.1 Host Controller Card is now ready for use.
