

<b>SKU Live Date</b>	Oct 1 <sup>st</sup> , 2013	
<b>Intro Phrase / Tagline</b>	Superior cooling performance and LED illumination	
<b>Product Full Name/Title</b>	Corsair Air Series AF140 LED Blue Quiet Edition	CO-9050017-BLED
<b>25-Word Product Description</b>	Corsair Air Series LED high airflow PC case fans combine low-noise airflow with striking LED lighting. They look great, and generate less noise and turbulence than typical case fans.	
<b>50-Word Product Description</b>	Corsair Air Series LED high airflow PC case fans combine efficient, low-noise airflow with striking LED lighting. The custom-molded blades are designed for high-volume air delivery with less noise and turbulence than typical case fans. They're translucent, with a frosted texture, so the light from the four LEDs adds a dramatic effect.	
<b>100-Word Product Description</b>	<p>Corsair Air Series LED high airflow PC case fans combine efficient, low-noise airflow with striking LED lighting. The blades are custom-molded for optimal airflow, and they're ultra-thin for less noise and turbulence. The sleeved bearing system reduces vibration for quiet operation. The fan blades are translucent, with a frosted texture, so the light from the four LEDs adds a dramatic effect.</p> <p>Air Series AF fan models perform best in unrestricted spaces with at least 3cm of clearance, and they're ideal for mounting at the rear or top of your PC case as exhaust fans for your PC's motherboard and CPU, graphics accelerators, and other components that fill the case with heat. They work equally well as unrestricted intake fans for areas like side panels or bottom intakes.</p> <p>For high restriction areas like hard drive cages or in other tight spaces where there's less air volume, check out our Air Series SP models of high static pressure fans.</p>	
<b>Product Features</b>	<ul style="list-style-type: none"> <li>• Tuned for high-airflow, large volume cooling</li> <li>• Better performance than standard case fans</li> <li>• Translucent, frosted fan blades and Blue LEDs for a dramatic effect</li> <li>• Eleven ultra-thin fan blades and a sleeved bearing system for less vibration, noise and turbulence</li> <li>• Custom fan enclosure for ducting air in the right direction with minimal interference.</li> </ul>	

# Air Series AF140 LED Blue Quiet Edition High Airflow Fan

**Specifications**

	<b>AF120 LED Quiet Edition</b>
<b>Single Pack Part #</b>	CO-9050017-BLED
<b>Twin Pack Part #</b>	N/A
<b>Fan Size</b>	140mm x 25mm
<b>Noise (dBA)</b>	25.5 dBA
<b>Airflow (CFM)</b>	66.4 CFM
<b>Static Pressure (mm/H2O)</b>	0.80 mm/H2O
<b>RPM</b>	1200 RPM
<b>Power Draw (@ +12V)</b>	.23A

**Box Contents**

- AF140 LED Blue Quiet Edition Fan
- Mounting Screws
- Warranty leaflet
