

CINERGY S2 USB BOX

The space-saving satellite receiver for digital watching TV on your notebook

DVB-S2 receiver for PC and notebook

- USB DVB-S & DVB-S2 TV- and radio tuner
- Timeshift (Time-delayed watching TV)
- Digital video recorder
- Video text and EPG (Electronic program guide)
- Remote control

Compact all-rounder

The convenient CINERGY S2 USB BOX made by TERRATEC allows satellite TV reception in a tiny space. With its dimensions of 93 x 78 x 24 mm and a weight of only 88 g there is space for entertainment via DVB-S and DVB-S2 in each mobile home, holiday home or guest room. In each room equipped with a power outlet and a satellite connection it is possible to rapidly and easily receive HDTV as well as radio programs via USB on the connected notebook or output on a PC.

This is for instance particularly convenient in a household with only one TV set. In this way it is possible to watch the soap in the living room and the sports program in the sleeping room. Even timeshift, video text and EPG are no problem for the TERRATEC receivers. In order not to miss any broadcast you may also program direct recordings via the CINERGY S2 USB BOX. The device is controlled via the remote control included in the delivery.
