Thin Client Mount

Features & Specifications

LB kg ≤ 6 lbs. (2.7 kg)

0.85" - 2.3" (22-58 mm)

CAUTION: DO NOT EXCEED MAXIMUM LISTED WEIGHT CAPACITY. SERIOUS INJURY OR PROPERTY DAMAGE MAY OCCUR!
IMPORTANT! This product adds an additional 2 lbs. (1 kg) to your mounting solution. When mounting between a monitor and VESA plate, the mounting solution's monitor weight capacity must be reduced by 2 lbs. (1 kg) when using standard monitors and thin clients which when combined are less than or equal to 2.5" (64 mm) thick. Additional reduction will be required if the combined monitors and thin client are greater than 2.5" (64 mm) thick.

2x
2 Install Portrait/Landscape rotation stop screw.
Insert the provided washer and one of the three provided rotation stop screws : M3x10 mm, M3.5x8mm, or M4x10mm depending on the diameter of the hole in your VESA plate.

⚠️ WARNING! Thin Client may fall out of brackets. Install the Portrait/Landscape rotation stop screw to keep monitor from rotating through the portrait/landscape rotation. Failure to follow these instructions may result in the Thin Client falling out of the brackets and could result in equipment damage and/or personal injury.
