

AT-DINRAIL I

Media Converter DIN Rail Rack Mounting Brackets

AT-DINRAIL I

Media converter DIN Rail rack mounting brackets

Overview

The AT-DINRAIL I is a universal bracket that allows a wide range of Allied Telesis media converters and media/rate converters to be mounted onto an industry standard 35mm DIN Rail.

Saves Space and Time

This product allows network managers to have the flexibility to use the Allied Telesis media converters in standard industrial mounting installations. The DIN Rail concept allows the media converters to be mounted vertically, thus saving space.

Flexible Mounting and Security

Each AT-DINRAIL I has the ability to secure the power entry cord into the media converter, to guard against the risk of possible unwanted disconnection. In addition, each AT-DINRAIL I can be mounted in either of two directions, allowing the power inlet to the media converter to be at the top or bottom of the installation. Furthermore, each AT-DINRAIL I is physically locked into position on the DIN Rail, providing a secure and stable mounting for the media converter.

Compatible Media Converters

- AT-MC101XL
- AT-MC103XL
- AT-MC104XL
- AT-MC115XL
- AT-MC13
- AT-MC1008/GB
- AT-MC605
- AT-FS202
- AT-FS232/1
- AT-FS237S13/1
- AT-FS238B/1
- AT-FS238A/2
- AT-PC232/POE
- AT-MC102XL
- AT-MC103LH
- AT-MC104LH
- AT-MC116XL
- AT-MC1004
- AT-MC1008/SP
- AT-FS201
- AT-FS232
- AT-FS232/2
- AT-FS238A/1
- AT-FS238A/2
- AT-GS2002/SP
