Transcend Limited Warranty	

#### Introduction |

Congratulations on purchasing Transcend's **StoreJet® 35T3**. This stylish, versatile, high-speed USB storage device is the perfect data management system for uploading, downloading, storing and transferring your vital data and information. With its One Touch auto-backup button and real-world transfer speeds up to 3X faster than USB 2.0 (in USB 3.0 mode), the compact StoreJet 35T3 is quick and easy way to store and back-up essential files, folders, documents, photos, music and videos. In addition, the StoreJet 35T3 comes with very useful software\* that can increase your storage productivity and security. This User's Manual is designed to help you get the most from your new device, please read both in detail before using the StoreJet 35T3.

\*Note: StoreJet Elite software only works in Windows-please see the software User's Manual for details

#### Package Contents |

StoreJet 35T3

The StoreJet 35T3 package includes the following items:

USB 3.0 Cable
Ower Adapter
Power Adapter
Quick Start Guide
Warranty Card

O.

#### Features |

- SuperSpeed USB 3.0 compliant and backwards compatible with USB 2.0
- Space-saving upright design no stand needed
- One Touch auto-backup button\*
- 256-bit AES file & folder encryption\*
- Power-saving sleep mode
- Connection bandwidth up to 5Gbits per second
- Fanless low-noise operation
- Easy Plug and Play installation no drivers required
- Extra-large storage capacity for backing-up files
- Includes StoreJet<sup>®</sup> Elite backup and security software
- LED power / data transfer activity indicator

\*Software installation required to use these features

#### System Requirements |

Desktop or notebook computer with a working USB port.

One of following operating systems:

- Windows<sup>®</sup> XP
- Windows Vista<sup>®</sup>
- Windows<sup>®</sup> 7
- Linux<sup>®</sup> Kernel 2.6.31 or later
- Mac<sup>®</sup> OS X 10.4 or later (only USB 2.0 currently supported)

#### Safety Precautions |

These usage and safety guidelines are **IMPORTANT!** Please follow them carefully.

#### General Use

- Unpack the contents of the StoreJet 35T3 package carefully.
- Avoid exposing your StoreJet 35T3 to extreme temperatures above 55°C or below 5°C during operation.
- Never drop your StoreJet 35T3.
- Never allow your StoreJet 35T3 to come in contact with water or any other liquids.
- Never use a damp/wet cloth to wipe or clean the exterior case.
- Do not user or store your StoreJet 35T3 in any of the following environments:
  - o Direct sunlight
  - o Next to an air conditioner, electric heater or other heat sources
  - o In a closed car that is in direct sunlight
  - o In an area with strong magnetic fields or excessive vibration
- If your Windows computer does not boot while the StoreJet 35T3 is connected, please disconnect the StoreJet 35T3 from your computer and reconnect the StoreJet 35T3 after Windows has started. Otherwise, refer to your computer's manual and change the BIOS settings to instruct the computer to boot from a different device.

#### Setup

- Place the StoreJet 35T3 on a flat, stable surface where it cannot be accidentally kicked or bumped
- Ensure that none of the ventilation holes on the outer case are blocked or covered.
- Only use the USB 3.0 cable that came with the StoreJet 35T3 to connect it to a computer, and always ensure that the cable is in good condition. **NEVER** use a cable that is frayed or damaged.

#### Backing-Up and Storing Data

- <u>Transcend does NOT take any responsibility for data loss or damage during</u> <u>operation</u>. If you decide to store data on your StoreJet 35T3, we strongly advise that you regularly backup the data to a computer, or other storage medium.
- To ensure Super-Speed USB 3.0 data transfer rates when using your StoreJet 35T3, please make sure that your computer has the relevant drivers and hardware to support USB 3.0. If you are unsure about how to check this, please consult the user's manual of your computer, motherboard, or USB 3.0 interface card for USB 3.0 driver information.

#### Power

- The StoreJet 35T3 is powered from your home's power outlet using the included power adapter. Do not use any other power adapter with the StoreJet 35T3.
- Ensure nothing is resting on the power or USB cable and that the cables are not located where they can be tripped over or stepped on.

#### Reminders

• Always follow the procedures in the "**Disconnecting from a Computer**" section to remove the StoreJet from your computer.

#### Product Overview

#### Connecting to a Computer |

 Attach the included 2-pin or 3-pin (country/region dependant) power connector to the USB Power Adapter by sliding it until it clicks into place.

- **2.** Connect the Power Adapter cord to the round-shaped DC IN jack on the back of the StoreJet 35T3 and plug the Power Adapter into your home's power outlet.
- 3. Plug the square end (1) of the USB 3.0 cable into the USB port on the StoreJet 35T3.

**4.** Plug the rectangular end (2) of the USB 3.0 cable into an available **USB 2.0** or **USB 3.0** port on your desktop or notebook computer.

To get the best performance results from your drive, we recommend using the USB 3.0 Note: interface (currently not supported on Mac computers).

- 5. When the StoreJet 35T3 is successfully connected to a computer, its LED will light up. In Windows, a new Local Disk drive with a newly-assigned drive letter will appear, and a Removable Hardware icon is will appear on the Windows System Tray. The StoreJet 35T3's internal hard drive comes pre-formatted to FAT32, which is compatible with most computer systems, including Windows, Mac, Linux, and more.
  - Computers running Windows and Mac OS will automatically detect and install the StoreJet 35T3. To use USB 3.0, please ensure your computer has all necessary USB 3.0 drivers installed, and make sure you plug the USB Cable into the correct port on your computer (USB 3.0 ports are usually color-coded to differentiate them from USB 2.0)
  - Linux users may have to configure the StoreJet 35T3 manually. To do this, first create a directory for the StoreJet 35T3 (Example: mkdir /mnt/storejet). Then, mount the StoreJet 35T3 (Example: mount –a –t msdos /dev/sda1 /mnt/Storejet)

\*G: is an example drive letter, the drive letter in your Windows computer may differ

Note: "New Volume" is an example drive. The drive name on your Mac computer may differ

 Once connected, you can use the StoreJet 35T3 as an external hard drive to transfer data to and from your computer. Simply drag and drop files or folders onto the Local Disk, Volume, or Drive Letter that represents the StoreJet 35T3.

#### One Touch Auto-backup Button

The StoreJet 35T3 is equipped with a convenient One Touch auto-backup button that you can use to instantly backup and synchronize your data. Installing the StoreJet Elite software enables the Auto-backup button, along with useful data-management tools and 256bit AES file security. Simply run the "sjelite3.exe" file in the root directory of your StoreJet drive to get started. StoreJet Elite is also available for download on the Transcend website.

Just click the conveniently located One Touch auto-backup button on the front of the StoreJet 35T3 to files and folders.

Compress your saved files to maximize memory storage space and/or protect your data using a password with perform an express synchronization of your important powerful 256-bit AES encryption. With StoreJet Elite, you can protect files while saving space at the same time.

(Please see the StoreJet Elite Software User's Manual for detailed instructions on how to use StoreJet Elite)

#### Disconnecting from a Computer |

NEVER disconnect the StoreJet from a Computer when its LED is flashing.

#### Windows<sup>®</sup>

- 1. Select the Hardware 🔯 icon on the system tray.
- 2. The Safely Remove Hardware pop-up window will appear. Select it to continue.

3. A window will appear stating, "The 'USB Mass Storage Device' device can now be safely removed from the system."

#### Mac<sup>®</sup> OS

Drag and drop the Disk icon that represents your StoreJet 35T3 into the Trashcan. Then unplug your StoreJet 35T3 from the USB port.

# Linux<sup>®</sup>

Execute **umount /mnt/Storejet** to un-mount the device. Then unplug your StoreJet 35T3 from the USB port.

#### Formatting the Hard Drive |

The StoreJet 35T3 comes pre-formatted to the FAT32 file system, which is compatible with virtually any computer system, including all versions of Windows<sup>®</sup>, Mac<sup>®</sup>, and Linux<sup>®</sup>. If you plan to use your StoreJet drive on various different types of computers, game consoles, or media playback devices, we recommend keeping the existing FAT32 file system. However, if you plan to store large files that exceed 4GB in size, you will need to format the drive to a different file system.

**WARNING!** Formatting the disk will erase all of the data on your StoreJet 35T3. To keep existing data, you will need to use a Windows<sup>®</sup> or Mac<sup>®</sup> computer that can detect the StoreJet drive to make a backup copy of all essential files.

#### Windows<sup>®</sup> XP

- 1. Download the StoreJet Format Utility from Transcend's online Download Center at www.transcend.com.tw/downloads
- **2.** When the download is complete, extract the downloaded ZIP file to your computer's hard drive (not the StoreJet 35T3) and run the StoreJetFormatter.exe application.
- 3. Plug the StoreJet 35T3 into an available USB port on a Windows XP computer.
- **4. Unplug all other USB storage devices from your computer**. This is to prevent accidental format of a different USB drive.
- 5. In the StoreJet Format Utility window, click the "Refresh" button.
- 6. The program will automatically detect the StoreJet 35T3 drive.

- 9. Type mkdir /mnt/usbdrive
- 10. Type mount /mnt/usbdrive

#### Troubleshooting

If a problem occurs with your StoreJet 35T3, please first check the information listed below before taking your StoreJet 35T3 in for repair. If you are unable to remedy a problem after trying the following suggestions, please consult your dealer, service center, or local Transcend branch office. We also have FAQ and Support services on our website at **www.transcend.com.tw**.

#### My operating system cannot detect the StoreJet 35T3

Check the following:

- 1. Is your StoreJet 35T3 properly connected to the USB port? Unplug the StoreJet 35T3 from your computer's USB port, wait for 10 seconds, and then plug it in again. If it is properly connected and nothing happens, try using another available USB port.
- **2.** Ensure the Power Adapter cable is securely connected to the StoreJet 35T3's DC IN jack, and that the Power Adapter is also plugged into a working AC power outlet.
- **3.** Are you using the USB cable that came in the StoreJet 35T3 package? If not, try using the Transcend supplied USB cable to connect the StoreJet to your computer.
- **4.** Is your StoreJet 35T3 connected to a Mac<sup>®</sup> keyboard? If so, unplug it and plug it into an available USB port on your Mac<sup>®</sup> desktop computer.
- **5.** Is the USB port enabled? If not, refer to the user's manual of your computer (or motherboard) to enable it.
- 6. Avoid connecting the StoreJet 35T3 through a USB hub.

#### The StoreJet 35T3 does not Power On

Check the following:

- **1.** Ensure the Power Adapter cable is securely connected to the StoreJet 35T3's DC IN jack, and that the Power Adapter is also plugged into a working AC power outlet.
- 2. Ensure that the StoreJet 35T3 is securely connected to the USB port on your computer.
- **3.** Ensure that the USB port is working properly. If not, try using an alternate USB port.

#### I cannot copy large files to the StoreJet 35T3

- 1. Is there enough available disk space?
- **2.** Is the file larger than 4GB? If so, please see below:

The StoreJet 35T3 default file system is FAT32, which allows it to be recognized on most types of computers, game consoles and media playback devices. However, *the FAT32 file system does* 

not support large files that exceed 4GB in size. If you plan to store large files that are larger than 4GB, you will need to convert the drive to a different file system such as NTFS. Please see the "Formatting the Hard Drive" section of this manual for instructions how to re-format the StoreJet 35T3.

#### I'm having proplems with the StoreJet 35T3 on my Mac<sup>®</sup>

If you previously formatted your StoreJet in Windows<sup>®</sup> XP, or Vista, it is most likely formatted with the Windows NTFS file system, which may not be 100% compatible with Mac<sup>®</sup> OS. To store and backup data on your Mac<sup>®</sup> please follow the instructions on formatting to convert the drive to Mac OS file system. If you plan to regularly use the drive with both Windows and Mac computers, we recommend formatting the drive to the FAT32 file system (the StoreJet 35T3 comes pre-formatted with FAT32 from the factory). Keep in mind that <u>formatting the drive will erase all existing data</u> <u>on the drive.</u>

# Note: To keep existing data, you will need to use a Windows or Mac computer that can detect the StoreJet drive to make a backup copy of all essential files.

#### I cannot detect the StoreJet 35T3 in Linux<sup>®</sup>

If you previously formatted the StoreJet 35T3 a Windows<sup>®</sup> or Mac<sup>®</sup> computer, it is most likely formatted with a file system that is not compatible with Linux<sup>®</sup>. To solve this problem, please follow the instructions on formatting the StoreJet 35T3 in Linux. However, please be aware that formatting the drive will erase all existing data on the drive.

Note: To keep existing data, you will need to use a Windows or Mac computer that can detect the StoreJet drive to make a backup copy of all essential files.

#### **Recycling & Environmental Considerations |**

**Recycling the Product (WEEE):** Your product is designed and manufactured with high quality materials and components, which can be recycled and reused. When you see the crossed-out wheel bin symbol attached to a product, it means the product is covered by the European Directive 2002/96/EC:

Never dispose of your product with other household waste. Please inform yourself about the local rules on the separate collection of electrical and electronic products. The correct disposal of your old product helps prevent potential negative consequences on the environment and human health.

**Battery Disposal:** Your product contains a built-in rechargeable battery covered by the European Directive 2006/66/EC, which cannot be disposed of with normal household waste.

Please inform yourself about the local rules on separate collection of batteries. The correct disposal of batteries helps prevent potentially negative consequences on the environment and human health.

**For products with non-exchangeable built in batteries:** The removal of (or the attempt to remove) the battery invalidates the warranty. This procedure is only to be performed at the end of the product's life.

#### Transcend Limited Warranty

"Above and Beyond" is the standard we set ourselves for customer service at Transcend. We consistently position ourselves to be significantly above the industry norm, which is all part of our commitment to Customer Satisfaction.

Please do not break or remove the warranty sticker on your Transcend products, as this will void your product warranty.

All **Transcend information, Inc. (Transcend)** products are warranted and tested to be free from defects in material and workmanship and to conform to the published specifications. During the warranty period should your Transcend **StoreJet 35T3** fail under normal use in the recommended environment due to improper workmanship or materials, Transcend will repair the product or replace it with a comparable one. This warranty is subject to the conditions and limitations set forth herein.

**Duration of Warranty:** The Transcend **StoreJet 35T3** is covered by this warranty for a period of three (3) years from the date of purchase. Proof of purchase including the date of purchase is required to collect on the warranty. Transcend will inspect the product and decide whether to repair or replace it. Transcend reserves the right to provide a functional equivalent product, or a refurbished replacement product.

Limitations: This warranty does not apply to product failure caused by accidents, abuse, mishandling, improper installation, alteration, acts of nature, improper usage, or problems with electrical power. In addition, opening or tampering with the product casing, or any physical damage, abuse or alteration to the product's surface, including all warranty or quality stickers, product serial or electronic numbers will also void the product warranty. Transcend is not responsible for recovering any data lost due to the failure of a hard drive device. Transcend's **StoreJet 35T3** must be used with devices that conform to the recommended industry standards. Transcend will not be liable for damages resulting from a third party device that causes the Transcend **StoreJet 35T3** to fail. Transcend shall in no event be liable for any consequential, indirect, or incidental damages, lost profits, lost business investments, lost goodwill, or interference with business relationships as a result of lost data. Transcend is also not responsible for damage or failure of any third party equipment, even if Transcend has been advised of the possibility. This limitation does not apply to the extent that it is illegal or unenforceable under applicable law.

**Disclaimer:** The foregoing limited warranty is exclusive. There are no other warranties, including any implied warranty of merchantability or fitness for a particular purpose. This warranty is not affected in any part by Transcend providing technical support or advice.

**Online Registration:** To expedite the warranty service, please register your Transcend Product within 30 days of purchase.

Register online at www.transcend.com.tw/register
