

GoPro[®]
Be a *HERO*. 

Think it. See it. Do it.

We dream. We have passionate ideas about what's possible in this world. Our passions lead us to create experiences and realities that expand our world and inspire those around us.

GoPro's focus is to help you capture and share your life's most passionate experiences, to celebrate them with others. Like how a day on the mountain with friends is better than one spent alone, the sharing of our collective experiences makes our lives more meaningful, *more fun*.

The world's most versatile camera is what we make. Enabling you to capture and share your life *is what we do*.

This is your life...GoPro.

Nicholas Woodman

HERO3+

BLACK EDITION

Model No: CHDX-302

Smaller, lighter, mightier still.

Capture and share your life's most meaningful experiences with the HERO3+ Black Edition. 20% smaller and lighter than its best-selling predecessor, it delivers improved image quality and powerful new features geared for versatility and convenience. SuperView™ is a new video mode that captures the world's most immersive wide angle perspective, while Auto Low Light mode intelligently adjusts frame rate for stunning low-light performance. Combined with 30% longer battery life, 4x faster Wi-Fi, a sharper lens and compatibility with all GoPro mounts and accessories, the HERO3+ Black Edition is the most advanced GoPro yet.

 Professional Video Quality	 Powerful Photo Capture	 SuperView Mode	 Auto Low Light Mode
 4x Faster Wi-Fi	 Professional Audio	 30% Longer Battery Life	 20% Smaller + Lighter

HERO3+ BLACK EDITION/MUSIC / BUNDLE OVERVIEW

KEY CAMERA SPECS

1. Professional 4K15, 2.7K30, 1440p48, 1080p60, 960p100, 720p120 fps video
2. SuperView™ video mode
3. Ultra wide angle glass lens
4. Auto Low Light mode
5. Built-in Wi-Fi—supports Wi-Fi Remote + GoPro App
6. 12MP photos at up to 30 frames per second

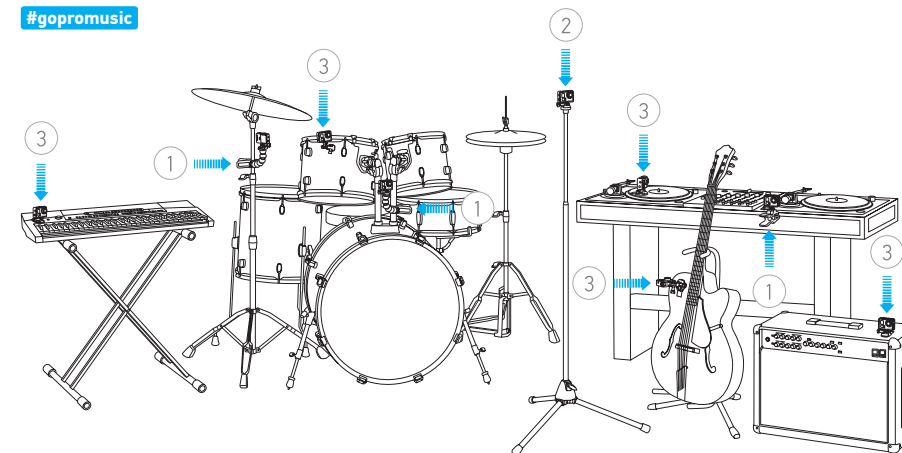

KEY BENEFITS

- Enables musicians of all levels to capture their music and share with the world
- Delivers the same high-quality footage used by the pros
- Includes specially-designed music mounts for easy mounting to instruments, turntables, mic stands, stage equipment and more
- Instrument-mounted shots enable ultra-immersive, engaging footage that allows audiences to experience the music in a whole new way
- Use the GoPro App to share photos and videos, and connect with friends and fans worldwide
- Free GoPro Studio editing software makes it easy to create professional music videos to promote virally on YouTube™, Facebook®, Vimeo® and more
- Small, lightweight design for low-profile capture onstage and off
- Captures professional-quality video at resolutions up to 4K
- Captures 12MP photos up to 30 frames per second
- New Auto Low Light mode delivers enhanced low-light performance ideal for dimly lit settings
- New SuperView video mode captures the world's most immersive wide angle perspective
- Ultra wide angle lens fits more in the frame, and is ideal for shooting in small or crowded spaces
- Includes a 3.5mm Mic Adapter for external mic hook-up

Mounts made for music.

Specially designed mounts allow you to attach the camera to instruments, turntables, mic stands and other stage equipment to capture unique, immersive footage that allows friends and fans to experience your music like never before.

WI-FI BUILT-IN

Wi-Fi Remote¹ Compatible

Remote control of up to 50 cameras at a time. Perfect for controlling multiple cameras mounted to instruments and equipment on stage.

GoPro App: Control. View. Share.

Full camera control plus content preview, playback and sharing.² The GoPro App makes it easy to share photos and videos to connect with your friends and fans.

¹Optional accessory, sold separately.

²Compared to HD HERO2 and HERO3 White and Silver Edition cameras.

protune™

Protune™ is a video mode that unlocks the camera's full potential, delivering advanced manual control, stunning image quality and cinema-caliber video optimized for professional productions. Content creators now have more flexibility and workflow efficiency than ever before.

Key Features

Advanced Control

Enables manual control of White Balance, Color, ISO Limit, Sharpness and Exposure.

Film/TV Rate Standard

Option of recording video in cinema-quality 24 fps to easily intercut GoPro content with other sources without fps conversion.

High-Quality Image Capture

45Mbps data rate captures images with less compression, giving content creators higher quality for professional productions.

HERO3+

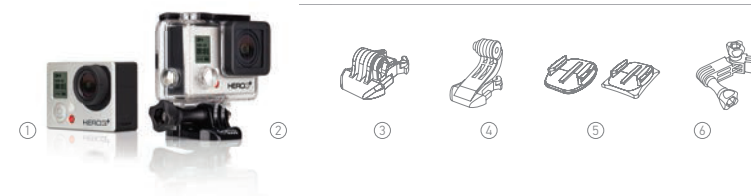

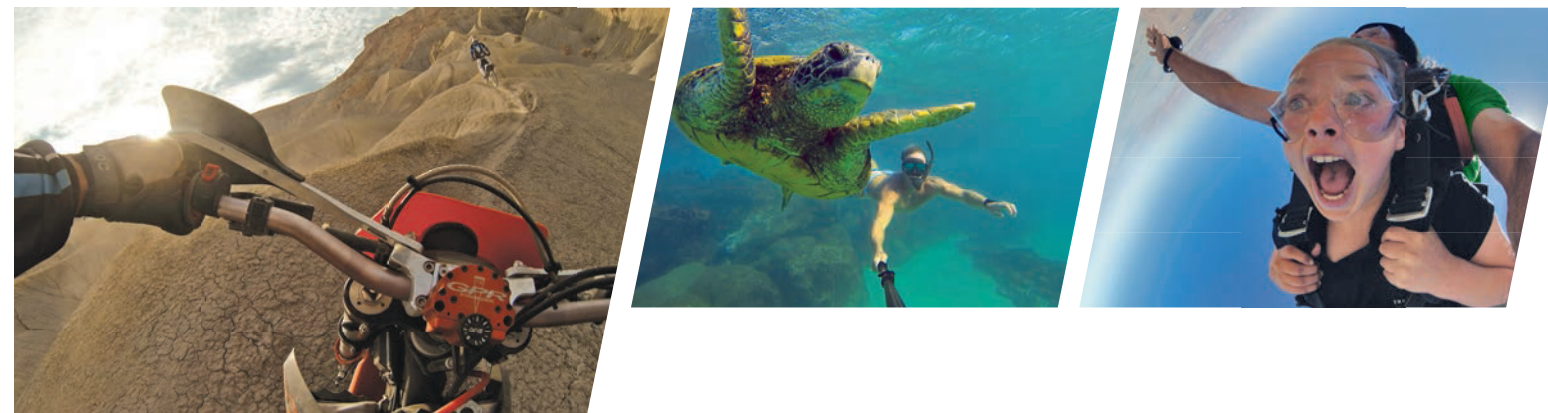

SILVER EDITION

Model No: CHDHN-302

Smaller, lighter, mightier still.

Not only is the HERO3+ Silver Edition 20% smaller and 15% lighter than the previous model, it's 2x more powerful—making it the most advanced Silver Edition camera yet. Wearable, gear-mountable and waterproof to 131'/40m, it captures professional-quality video at resolutions up to 1080p60 and 10MP photos at up to 10 frames per second. With 4x faster Wi-Fi, enhanced low-light performance, 30% longer battery life and compatibility with all GoPro mounts and accessories, the HERO3+ Silver Edition makes capturing and sharing your life easier than ever.

MOUNTS + ACCESSORIES

Camera Mounts | Accessories | GoPro App + Editing

LCD Touch BacPac™

The LCD Touch BacPac is a removable LCD touch screen that seamlessly attaches to the back of your GoPro. As a removable accessory, it keeps your camera as small and light as possible, yet provides the convenience of an LCD touch screen when attached. The LCD Touch BacPac makes it easy to frame your shots and play back content, and delivers convenient touch-screen control of all camera settings.

Model No: ALCDB-304

Battery BacPac™

The Battery BacPac seamlessly attaches to the back of your GoPro to increase battery life. It's perfect for long-duration Time Lapse photo sessions, endurance motorsports racing or any application where you need extended battery life. You can charge it using the GoPro Auto or Wall Charger, other USB charger or a computer (sold separately).

Model No: ABPAK-304

Wi-Fi Remote

Remotely control one or more Wi-Fi enabled GoPro cameras with the Wi-Fi Remote.

- Control up to 50 cameras at a time from up to 600'/180m in optimal conditions.
- Enjoy full camera control, including On/Off, Shutter and Settings control.
- LCD screen mirrors your camera's LCD status screen.
- Attachment strap, key ring and charging cable included.
- Wearable and waterproof to 10'/3m.

Model No: ARMTE-001

Dual HERO System (Coming Soon)

Capture a wide variety of content with the Dual HERO System. The tandem housing holds two HERO3+ Black Edition cameras (sold separately), enabling you to capture full-resolution videos and photos simultaneously with uncompromised image quality. You can also record synchronized footage to convert to 3D using GoPro Studio editing software, available via free download at gopro.com. Single interface control allows one camera to control the other's settings and modes for convenient shooting. Waterproof to 197'/60m.

Model No: AHD3D-301

The Frame NEW

The Frame is the smallest, lightest way to mount your GoPro. It enables ultra-compact, low-profile mounting, plus optimal audio capture during low-speed activities and full-time access to all camera ports. An integrated latch makes removing your GoPro from The Frame quick and easy, and an extendable arm allows you to conveniently attach an LCD Touch BacPac™ or Battery BacPac™ (sold separately).

Note: The Frame does not provide waterproof protection for your camera, and is not intended for use in extreme conditions.

Model No: ANDFR-301

Chesty (Chest Harness)

The Chesty is adjustable to fit a wide range of sizes, and makes it easy to capture immersive video and photo footage from, well, your chest. Perfect for skiing, mountain biking, motocross, paddle sports, or any activity where you want to get a "lower than the helmet" view of the action. See more of your arms, knees, poles and skis while skiing, or your arms and handlebars while biking or riding your motorcycle. Recommended as a more immersive way to film than on the helmet.

Model No: GCHM30-001

Junior Chesty (Chest Harness)

Perfect for kids, the Junior Chesty is a smaller version of our adult-sized Chest Harness. It's great for capturing immersive footage of the world from their perspective—from skiing and skateboarding, to slides and swings. For ages 3 and up.

Warning: Not for children under 3 years. Adult supervision required at all times. Store in a safe place away from children.

Model No: ACHMJ-301

Roll Bar Mount

Attach your GoPro to roll bars, tubes and more. Fits 1.4" to 2.5" (3.5cm to 6.35cm) diameter tubes. Perfect for clamping to the metal or plastic radiator cap of karts, or to bike frames, bumper bars, roof racks and more. The included 3-Way Pivot Arm makes it easy to aim the camera, so you can achieve the perfect angle for every shot.

Model No: GRBM30

Suction Cup

Attach your GoPro to cars, boats, motorcycles and more. This industrial-strength Suction Cup mount is proven at speeds of 150+ mph and engineered for stability and a broad range of motion. Adjustable arms allow for ultra-compact mounting. Includes a standard base and a quick release base for moving conveniently between shots and locations. For maximum holding strength, attach to a clean surface.

Note: Not recommended for surfing, snowboarding or other high-impact sport. Recommended for non-impact activities only.

Model No: AUCMT-302

Jaws: Flex Clamp

Clamp your GoPro to objects ranging in size from .25" to 2" (.6cm to 5cm) in diameter. Attach your camera directly to the clamp for low-profile mounting, or use the optional neck to achieve a wider range of camera-angle adjustability. Jaws securely grips irregular shapes and super slim objects thanks to its innovative design.

Model No: ACMPM-001

Handlebar / Seatpost / Pole Mount

Mount your GoPro to handlebars, seatposts, ski poles, kitesurfing control bars and more. You can also clamp this mount to chainstays, small-diameter roll bars and bolt heads, or secure it to a pipe or pole to create a handheld boom. Fits 0.75" to 1.4" (19.5mm to 35.56mm) diameter tubes, plus smaller 0.43" to 0.7" (11mm to 18mm) diameter tubes with the included adapter.

Model No: GRH30

Gooseneck NEW

This bendable neck delivers versatile camera-angle adjustability, making it easy to capture a wide range of perspectives. Combine it with any GoPro mount that features a quick release base—including the Suction Cup, Jaws: Flex Clamp, Curved + Flat Adhesive Mounts and more—or use it on its own as a handheld camera grip. Multiple Goosenecks can be joined together for extended length and flexibility. Measures 8" (20.3cm).

Model No: ACMFN-001

Tripod Mounts

Attach your GoPro to any standard tripod. Includes a Tripod Mount plus a Quick Release Tripod Mount to move conveniently between shots and locations.

Model No: ABQRT-001

Mic Stand Mount NEW

Mount your GoPro to a mic stand to capture footage during practice or performance. The quick release base makes it easy to move your camera between different mounts and locations. Compatible with standard U.S. 5/8"-27 mic stands. Includes an adapter for European 3/8"-16 mic stands.

Model No: ABQRM-001

Curved + Flat Adhesive Mounts

Attach your GoPro to curved and flat surfaces with these industrial-strength, waterproof adhesive mounts. Can be removed by heating adhesive bond with a hair dryer then peeling off mount.

Model No: AACFT-001

Head Strap + QuickClip

Includes a Head Strap and a QuickClip for a variety of head-mounting options. Fully adjustable to fit all sizes, the Head Strap can be worn over a helmet or directly on your head to capture footage from a headlamp-like perspective. The QuickClip enables ultra-compact, low-profile mounting, and can be used to attach your GoPro to a backwards baseball cap or other 3mm to 10mm thick object.

Note: The Head Strap and QuickClip are recommended for use during non-impact activities only.

Model No: ACHOM-001

Removable Instrument Mounts NEW

Mount your GoPro to your guitar, drums, turntables, keyboard or other instruments to capture immersive footage during practice or performance. These temporary mounts are easy to remove and feature non-damaging adhesive that's safe for most instrument surfaces. Includes three mounts and two single-use adhesive strips.

Note: Not for use on highly fragile or irreplaceable items.

Model No: AMRAD-001

Helmet Front Mount

Allows for low-profile positioning of your camera on the front of your helmet, like a headlamp. Also extends the camera out in front of the helmet for self-portrait videos and photos.

Model No: AHFMT-001

Side Mount

Attach your GoPro to the side of helmets, vehicles, gear and more. 3-way pivot adjustability makes positioning and aiming your camera easy.

Model No: AHEDM-001

Wrist Housing

The Wrist Housing secures your GoPro flat against your wrist during activities and allows camera to pivot upright for capturing footage on the fly. Fits over ski gloves and jackets with included adapter strap. Perfect for surfing, snorkeling, hiking or climbing, and can also be strapped to gear such as kayak paddles and kitesurfing kites. Waterproof 197' / 60m. Delivers maximum image sharpness above and below water.

Model No: AHDWH-301

Vented Helmet Strap Mount

Attach your GoPro to any vented bike, ski, kayak or similar sports helmet. One size fits all.

Model No: GVHS30

Surfboard Mounts

Attach your GoPro to surfboards, standup paddle boards, sea kayaks, boat decks and other gear where maximum holding strength is needed. Includes FCS™ compatible male plug to mount GoPro camera using FCS center fin socket.

Model No: ASURF-001

NVG Mount

Conveniently attach your GoPro to any helmet outfitted with an NVG mounting plate.

Model No: ANVGM-001

Floaty Backdoor

This easy-to-spot flotation attaches directly to the housing backdoor to keep your GoPro afloat. Great for snorkeling, surfing, wakeboarding or other deep-water activity. Includes two Adhesive Anchors and Camera Tethers for added security in extreme conditions.

Note: The Floaty Backdoor will not support the weight of the Suction Cup mount, or the additional weight of BackAccessories attached to your GoPro.

Model No: AFLTY-003

Anti-Fog Inserts

Drop inserts into the sides of your GoPro camera housing to prevent fogging in cold and humid environments. Inserts will last approximately four uses. To dry out and reuse, heat inserts on a pan in oven at 300° F for five minutes. Store in an airtight bag. Includes 12 inserts.

Model No: AHDAF-301

Blackout Housing **NEW**

The Blackout Housing keeps a low profile thanks to its matte black finish. It's perfect for special ops filming, and capturing footage without drawing attention to the camera. Includes LCD concealment stickers to eliminate light reflection from the housing's LCD window. Waterproof to 131'/40m.

Model No: AHBSH-001

Standard Housing

Use this slim, lightweight housing as a spare or replacement for your HERO3 or HERO3+ camera. The flat glass lens delivers maximum image sharpness above and below water. Waterproof to 131'/40m. Includes Standard and Skeleton Backdoors.

Model No: AHSRH-301

Dive Housing **NEW**

Ultra durable and waterproof to 197'/60m, the Dive Housing is designed for deep sea diving and extreme activities. Its flat glass lens delivers maximum image sharpness above and below water. Includes Standard, Skeleton and BacPac™ Backdoors.

Model No: AHDEH-301

Skeleton Housing

The Skeleton Housing features open sides which allow direct access to the camera's ports for live-feed video and charging. The design also enables enhanced cooling and optimal audio capture during low-speed activities.

Note: For use in dry environments only—the Skeleton Housing is not waterproof.

Model No: AHSSK-301

Protective Lens + Covers

This kit includes a glass Protective Lens that fits over your GoPro camera lens to help guard against dirt, dust and scratches while using the camera outside the housing. It's perfect for use with The Frame mount (sold separately) or handheld shooting with just the camera. Also includes a camera lens cover, Standard Housing lens cover, replacement battery door and replacement side door for your camera.

Note: Housing lens cover is compatible with the Standard Housing (131'/40m) only.

Model No: ALCAK-302

Protective Lens

The glass Protective Lens fits over your GoPro camera lens to help guard against dirt, dust and scratches while using the camera outside the housing. It's perfect for use with The Frame mount (sold separately) or handheld shooting with just the camera. Includes two Protective Lenses.

Model No: AGCLK-301

Lens Replacement Kit (for Dual HERO System) (Coming Soon)

This kit contains everything you need to replace the glass lens on your Dual HERO System housing. Includes a replacement lens and seal, screws and a screwdriver for hassle-free repairs.

Model No: ADLRK-301

Lens Replacement Kit (for Standard Housing)

This kit contains everything you need to replace the glass lens on your Standard Housing. Includes two replacement lenses and seals, screws and a screwdriver for hassle-free repairs.

Model No: ASLRK-301

BacPac™ Backdoor Kit (for Standard Housing) NEW

BacPac Backdoors for your Standard Housing. Enables the housing to fit a GoPro camera with an LCD Touch BacPac or Battery BacPac attached (sold separately). Includes Standard, Skeleton and Touch BacPac Backdoors.

Model No: ASDRK-301

Lens Replacement Kit (for Dive Housing) NEW

This kit contains everything you need to replace the glass lens on your Dive Housing for HERO3 and HERO3+ cameras. Includes two replacement lenses and seals, screws and a screwdriver for hassle-free repairs.

Model No: ALNRK-301

Grab Bag of Mounts

Use the Grab Bag of Mounts to expand your mounting options, or as a resource for spare or replacement mounts and hardware. Includes a Curved Adhesive Mount, Flat Adhesive Mount, Quick Release Buckle, Vertical Quick Release Buckle, Thumb Screw, 3-Way Pivot Arm, Locking Plug and Camera Tether.

Model No: AGBAG-001

Magenta Dive Filter (for Standard Housing) (Coming Soon)

Designed for use with the Standard Housing, the Magenta Dive Filter provides color correction while capturing footage at depths of 15' to 70' (4.5m to 21.3m). It's ideal for freshwater lakes and reservoirs, or salt water that appears green due to algae. The filter presses into place for quick, tool-free installation, and features scratch-resistant, optical-grade glass to ensure optimal image clarity. Includes a carrying bag and camera tether.

Model No: ABDFM-301

Red Dive Filter (for Dive Housing) (Coming Soon)

Designed for use with the Dive Housing, the Red Dive Filter provides color correction while capturing footage in blue salt water or clear fresh water at depths of 15' to 70' (4.5m to 21.3m). It's ideal for sunny, tropical locations like the Bahamas, Cayman Islands and Hawaii. The filter snaps into place for quick, tool-free installation, and features scratch-resistant, optical-grade glass to ensure optimal image clarity. Includes a carrying bag and camera tether.

Model No: ADVFR-301

Red Dive Filter (for Standard Housing) (Coming Soon)

Designed for use with the Standard Housing, the Red Dive Filter provides color correction while capturing footage in blue salt water or clear fresh water at depths of 15' to 70' (4.5m to 21.3m). It's ideal for sunny, tropical locations like the Bahamas, Cayman Islands and Hawaii. The filter presses into place for quick, tool-free installation, and features scratch-resistant, optical-grade glass to ensure optimal image clarity. Includes a carrying bag and camera tether.

Model No: ABDFR-301

Magenta Dive Filter (for Dual HERO System) (Coming Soon)

Designed for use with the Dual HERO System, the Magenta Dive Filter provides color correction while capturing footage in green water at depths of 15' to 70' (4.5m to 21.3m). It's ideal for freshwater lakes and reservoirs, or salt water that appears green due to algae. The filter snaps into place for quick, tool-free installation, and features scratch-resistant, optical-grade glass to ensure optimal image clarity. Includes a carrying bag and camera tether.

Model No: ADV3M-301

Magenta Dive Filter (for Dive Housing) (Coming Soon)

Designed for use with the Dive Housing, the Magenta Dive Filter provides color correction while capturing footage in green water at depths of 15' to 70' (4.5m to 21.3m). It's ideal for freshwater lakes and reservoirs, or salt water that appears green due to algae. The filter snaps into place for quick, tool-free installation, and features scratch-resistant, optical-grade glass to ensure optimal image clarity. Includes a carrying bag and camera tether.

Model No: ADVFM-301

Red Dive Filter (for Dual HERO System) (Coming Soon)

Designed for use with the Dual HERO System, the Red Dive Filter provides color correction while capturing footage in blue salt water or clear fresh water at depths of 15' to 70' (4.5m to 21.3m). It's ideal for sunny, tropical locations like the Bahamas, Cayman Islands and Hawaii. The filter snaps into place for quick, tool-free installation, and features scratch-resistant, optical-grade glass to ensure optimal image clarity. Includes a carrying bag and camera tether.

Model No: ADV3D-301

Camera Tethers

Use these camera tethers and adhesive anchors to further secure your GoPro camera in extreme conditions. The tethers attach to the camera housing's backdoor and the adhesive anchors attach to your gear.

Model No: ATBKT-005

Bag Pack (5 Pack)

5 drawstring bags to conveniently organize and protect your GoPro cameras and accessories.

Model No: ABGPK-005

Wi-Fi Remote Accessory Kit

These additional attachment accessories allow you to wear your W-Fi Remote or mount it to your gear. Includes a wrist/pole strap, lanyard, two keys and key rings, cradle, Quick Release Buckle, Curved Adhesive Mount, Flat Adhesive Mount and a Thumb Screw.

Model No: AWRMK-001

Dual Battery Charger

Conveniently charge two GoPro Li-ion batteries simultaneously with the Dual Battery Charger. Featuring USB compatibility, you can power it with most standard USB chargers, the GoPro Wall or Auto Charger or a computer. Dual LED indicator lights display the charging status of both batteries: in process (amber) and fully charged (green).

Model No: AHBBP-301

Wi-Fi Remote Attachment Key + Rings

The attachment key rings make it easy to attach the Wi-Fi Remote to your car keys, lanyards, straps, zippers and more.

Model No: AWFKY-001

Auto Charger

Charge your GoPro camera(s) while on the go in a car:

- Dual USB port quickly charges up to two cameras at once
- 1 amp per port for a quick charging solution.
- Simultaneously record video or photos while charging.
- Works with most devices that charge via USB.

Model No: ACARC-001

Wall Charger

Charge up to two GoPro cameras, 2X as fast, in any wall socket in the world.

- Charge GoPro batteries 2X as fast as standard USB cables via computer.
- Dual USB port quickly charges up to two cameras at once.
- 1 amp per port for a quick charging solution.
- Simultaneously record video or photos while charging.
- Interchangeable AC plugs for US, UK, EU and AU-style wall sockets
- Also works with most devices that can be charged via USB

Model No: AWALC-001

Rechargeable Battery

Use this 1180mAh lithium-ion Rechargeable Battery as a spare or replacement for your GoPro camera.

Model No: AHDBT-302

Wi-Fi Remote Charging Cable

Power your Wi-Fi Remote with this charging cable. Plugs into any USB charging device.

Model No: AWRCC-001

3.5mm Mic Adapter

Use this mic adapter to connect any external 3.5mm microphone to your HERO3 or HERO3+ cameras.

Model No: AMCCC-301

Combo Cable

This Combo Cable connects to your HERO3 or HERO3+ camera's USB port to enable composite video output, 3.5mm mic input and USB connectivity.

Model No: ANCBL-301

Micro HDMI Cable

Use this HDMI cable to plug your HERO3 or HERO3+ camera into your HDTV and experience incredibly smooth, big screen playback of your GoPro footage.

Model No: AHDMC-301

Composite Cable

Connect your HERO3 or HERO3+ camera to your TV with this composite cable (mini USB to RCA) for standard definition preview + playback of your GoPro video and photos.

Model No: ACMPS-301

32GB Lexar • microSDHC™ Memory Card

Perfect for use with your GoPro, Lexar High-Performance microSDHC/microSDXC UHS-I cards (633x) let you quickly capture, play back and transfer a large number of high-data rate files, including 1080p and 4K video.* These Class 10 cards leverage UHS-I technology to deliver high-speed performance. Includes USB 3.0 reader.

*Up to 90MB/s read transfer, write speeds lower. Speeds based on TestMetric certified tester. x=150KB/s.

Model No: AMSDC-332

64GB Lexar • microSDXC™ Memory Card

Perfect for use with your GoPro, Lexar High-Performance microSDHC/microSDXC UHS-I cards (633x) let you quickly capture, play back and transfer a large number of high-data rate files, including 1080p and 4K video.* These Class 10 cards leverage UHS-I technology to deliver high-speed performance. Includes USB 3.0 reader.

*Up to 45MB/s read transfer, write speeds lower. Speeds based on TestMetric certified tester. x=150KB/s.

Model No: AMSDC-364

32GB SanDisk Extreme • microSDHC™

Delivering fast read/write speeds of up to 45MB/s, SanDisk Extreme memory cards are ideal for high-speed Burst Photo capture, shooting high-data rate 1080p and 4K video and quickly transferring your files.

Model No: ASDMC-332

64GB SanDisk Extreme • microSDXC™

Delivering fast read/write speeds of up to 45MB/s, SanDisk Extreme memory cards are ideal for high-speed Burst Photo capture, shooting high-data rate 1080p and 4K video and quickly transferring your files.

Model No: ASDMC-364

GoPro App

Control. View. Share.

Control. View. Share.

The GoPro App makes it easy to control your camera, and lets you do more with your GoPro content than ever before. Get full remote control of all camera functions. See what your camera sees with live preview for easy shot-framing. View photos and play back videos, then quickly share your favorites via email, text, Instagram™, Facebook® and more.¹ Plus, use it to wirelessly update your HERO3+ camera software on the go for the latest features and best performance.

Control your camera remotely with live video preview.

Use your smartphone or tablet as an ultra-convenient remote control for your GoPro. Quickly adjust camera settings, start/stop recording, switch modes, check your battery level and more. It's great for gear-mounted shooting where the camera is out of reach. Plus, live preview lets you see what your GoPro sees so you can frame your shots with confidence.

View photos, play back videos.

Don't wait until you're back home to see your content. Use the GoPro App to view photos and play back select videos captured with your camera. Check out your last run—on the chairlift. See your best wave once you're back on the beach. Plus, you can browse and delete content on your camera's memory card, freeing up space for more great footage.

Share your GoPro content.

Want to send that awesome shot you just captured to your buddies back home? Now you can copy photos and select videos from your GoPro to your smartphone or tablet, then share them via email, text, Instagram™, Facebook and more. It's a great way to share the moment with friends near and far.

Keep your camera up to date.

Conveniently update your HERO3+ camera software on the go using your smartphone or tablet and the GoPro App—no computer, and no cables needed. It's the quickest, easiest way to keep your GoPro up to date with the latest software for new features and optimal performance.

Key Features

- **NEW** Use the GoPro App to wirelessly update your HERO3+ camera software
- **NEW** Use the GoPro App to wirelessly update your camera Wi-Fi network name and password
- **NEW** Preview video in near real-time with up to 4x faster² live video preview for HERO3+ cameras
- Full remote control of all camera functions
- View photos and play back videos¹
- Copy photos and videos¹ to your device, then share via email, text, Instagram, Facebook or other app
- Browse and delete files on the camera's microSD card

Compatibility

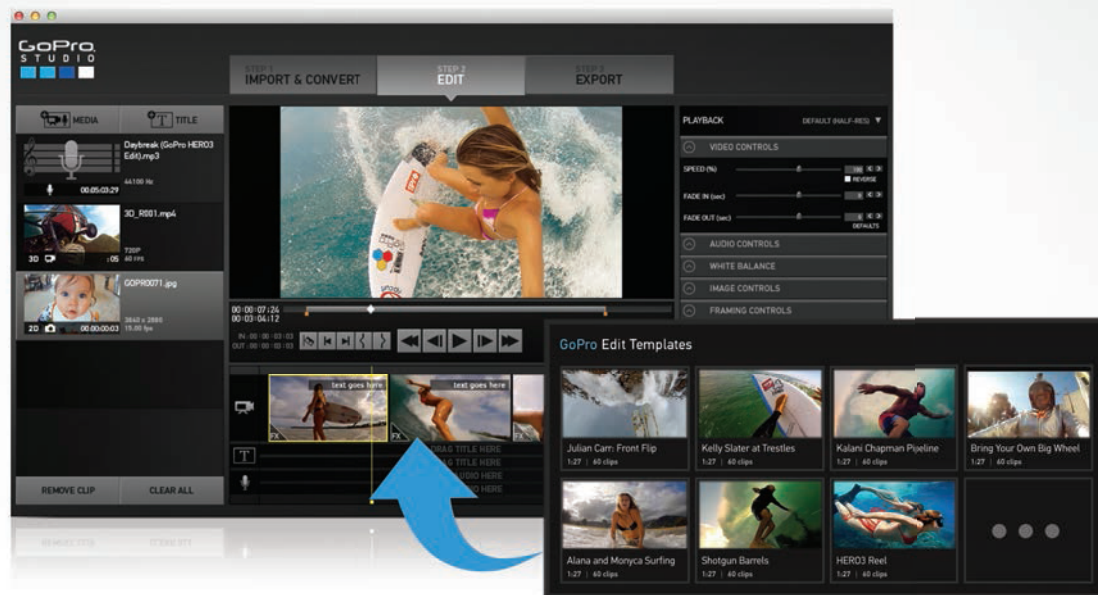

For smartphone/tablet and camera compatibility, visit gopro.com.

Latest camera software update required to use new GoPro App features. Visit gopro.com/update.

Note: Wireless camera software updates, content playback/sharing and access to the camera's memory card is not available on Windows Phone®.

¹Compatible with videos captured in select modes only. Visit gopro.com for more information.

²Optimized for iPhone 5, Samsung Galaxy S4 and similar Android 4.2 devices. Actual results may vary.

GoPro edits made easy.

GoPro Studio software makes it easier than ever to create professional-quality videos with your GoPro content. We've taken our most popular GoPro videos and turned them into GoPro Edit Templates that help fast-track you to an incredible edit. The music, edit points, slow motion effects and more have been dialed—all you have to do is replace our video clips with yours. Or if you want to create your edits from scratch, you can do that too. Trim and mix clips. Adjust video playback speed for fast or slow motion. Add titles, music, audio tracks and more. It's never been easier to make epic GoPro-style videos to share with your friends.

GoPro Studio is available for Windows® and Mac® via free download at gopro.com.

GoPro Studio (FREE download available on gopro.com)

Key Features

- **NEW** GoPro Edit Templates make it easy to create GoPro-style videos
- **NEW** Trim, edit and mix video clips
- **NEW** Add titles, music, audio tracks and more
- **NEW** Fisheye adjustment control
- **NEW** Adjust video playback speed for fast or slow motion
- **NEW** Export video still frames at full resolution
- Create videos from time-lapse photo sequences
- Edit immersive 3D videos (requires 3D HERO System, sold separately)
- Supports GoPro, Canon®, Nikon® and other constant frame rate H.264 mp4 and .mov formats

GoPro Studio Premium

For professional content creators looking for a creative edge in post-production.

Offers all GoPro Studio features, plus:

- Vastly expanded controls for 3D, color and framing
- Full support for 3D cameras from Sony, Panasonic and Fuji
- Support for a wide range of consumer and professional input formats: H264, MPEG-2, P2, AVC-Intra, MVC, MJPEG and more
- Support for resolutions up to 4K and beyond
- Tools for creating GoPro files from R3D and image sequence (DPX and TIFF) sources
- Unrestricted access to the GoPro CineForm codec including, 4:4:4:(4) and RAW encoding

GoPro Studio Professional

For professionals creating stereoscopic content with multi-camera rigs.

Offers all GoPro Studio Premium features, plus:

- Independent control over both eyes for stereoscopic 3D including convergence, color and framing
- Additional stereoscopic correction tools such as floating windows, keystone and more
