

SILVERSTONE[®]
Designing Inspiration

SUGO series

Refinement of classic small form factor case

Special Features

- Support graphics cards of any length
- Ample space for CPU cooling (82mm in height)
- Micro ATX motherboard & ATX PSU compatible
- Cleanly styled SFF chassis with modernized layout
- Amazing capacity for 2.5" drives

Introduction

SilverStone's Sugo series, since its introduction in 2005, has been the de facto standard for which retail small form factor cases are defined. The introduction of SG11 is both a tribute and advancement to one of the most revered case designs within SilverStone product portfolio, the Sugo SG01. With classic shoebox proportion maintained, the SG11 continues to impress with its ability to accommodate many standard sized components such as ATX power supply and room for graphics cards up to 14.5 inches. For cooling, side intake fan size has been upgraded to 120mm from 80mm to help cope with future hardware demands. For storage, redesigned internal layout allows for installation of up to nine 2.5" drives. Finished with cleanly styled acrylic accent, the beautiful SG11 is a great case for anyone looking to build a compact workstation or a powerful small form factor gaming system.

Support graphics cards of any length

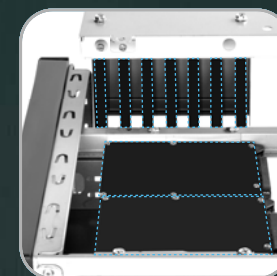

Ample space for CPU cooling (82mm in height)

Micro ATX motherboard & ATX PSU compatible

Cleanly styled SFF chassis with modernized layout

Amazing capacity for 2.5" drives

Specifications

Model	SST-SG11B (black)		Expansion Slot	4	
Material	ABS & Acrylic front panel, steel body		Front I/O Port	USB3.0 x 2, Audio x 1, MIC x 1	
Motherboard	Micro ATX, Mini-DTX, Mini-ITX		Power Supply	Optional standard PS2(ATX)	
Drive Bay	Exposed	5.25" x 1	Expansion Card	*Support graphics card up to 14.5", width restriction-4.46"	
	Internal	3.5" x 3 (compatible with 2.5"), 2.5" x 9	Limitation of CPU cooler	82mm	
Cooling System	Rear	1 x 80mm fan slot, Optional cross-flow fan		Limitation of PSU	PSU + optical drive/5.25" device = 370mm
	Side	1 x 120mm intake fan, 1200rpm		Dimension	270 mm (W) x 212 mm (H) x 393 mm (D), 22.5L
	Top	1 x 80mm fan slot			
	Bottom	--			

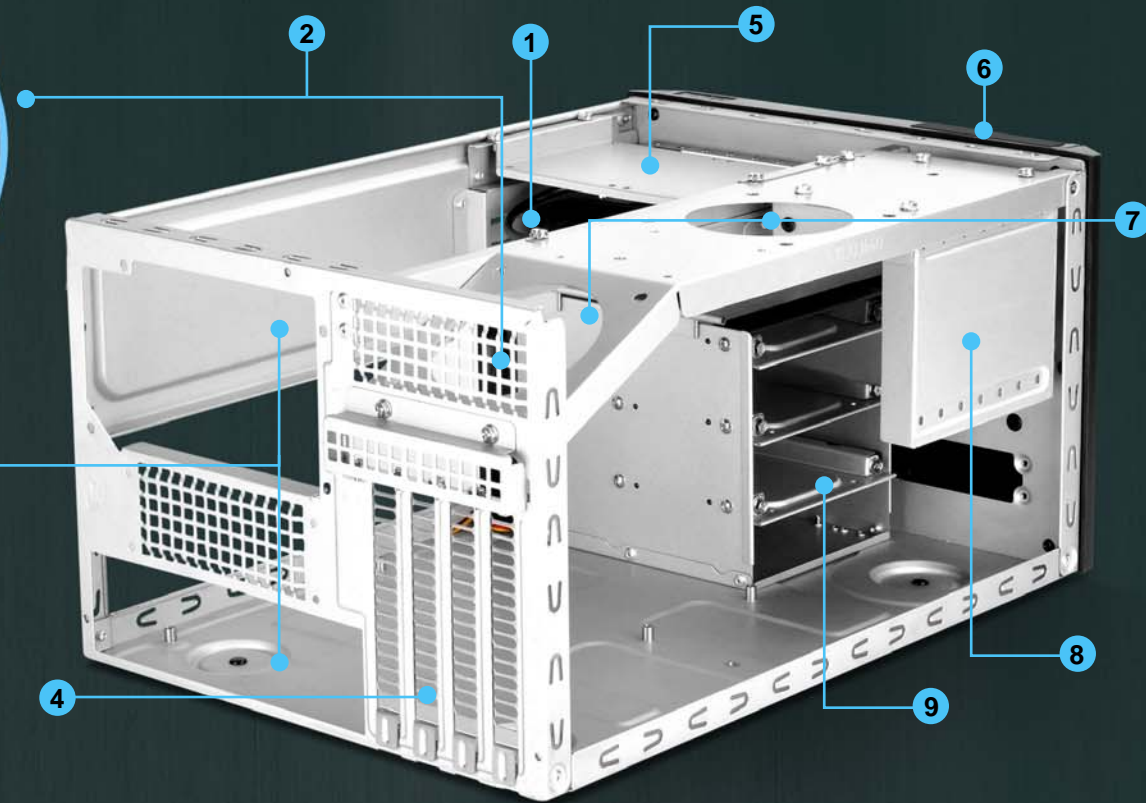

* Fan and drive cage configuration will affect graphics card length support, please refer to manual for detailed information.

SUGO series

Refinement of classic small form factor case

SG11

- 1 One 5.25" drive bay space
- 2 Side intake 120mm fan
- 3 Micro ATX motherboard & ATX PSU compatible
- 4 Four expansion slots accommodates top-end graphics card up to 14.5" long
- 5 Two 2.5" SSD/HDD slots on top bracket
- 6 Top-mounted buttons and I/O ports include USB 3.0
- 7 Dual 80mm fan slots for VGA card
- 8 Side HDD bracket support of up to seven 2.5" hard drives
- 9 Three HDD bracket designed to accommodate any combination of 2.5" or 3.5" drives

Recommendations

Sugo Pack

Get a Sugo Pack to conveniently take your SG11 anywhere you go.

NT06-PRO

CPU cooler designed for SFF.

FX121

Add a cross flow fan for additional cooling. (Notice : You can only add one device from NT06-PRO or FX121.)

CP07

SATA III cable with non-scratch locking mechanism and 180° connector

FQ81

Equip your SG11 with FQ81 for the ultimate combination of quietness and performance.

PP05-E

Short cable set reduces cable clutter in smaller cases & systems.

CP11

World's thinnest and most low-profile SATA cable
