

Dual Floating Wall-Mounted AV Shelves, Adjustable Height Shelf For Under TV, Organize A/V Equipment On Black Tempered Glass Shelves

Productcode: 2B-WALL-MOUNT-SHELF

The floating wall mount AV shelf features two 5mm thick black tempered glass shelves, providing an unobstructed surface ideal for organizing AV components under or above a TV or display.

The shelf's bracket mounts to a single wall stud or a concrete wall, with all necessary hardware for installation on a wooden stud or concrete wall, as well as a quick-installation guide, included.

The shelves are height adjustable along the 13.6-inch (346mm) wall mount bracket, allowing for customization to accommodate various AV equipment sizes and configurations, such as video conferencing equipment or an AV receiver.

Supported by steel brackets, each shelf can support up to 15.4 lbs (7kg). The aluminum wall bracket is sturdy yet lightweight for easier installation, while the tempered glass shelves are more resistant to scratches and shattering than traditional glass.

Cutouts along each side of the wall-mount bracket and pre-scored knockouts on the top and bottom caps provide additional options for cable positioning.

Certificaties, rapporten en compatibiliteit

Toepassingen

- Organiseer AV-apparatuur onder een tv of beeldscherm in een vergaderzaal of kantoor

Eigenschappen

- **FLOATING WALL MOUNT AV SHELF:** Two 5mm thick black tempered glass shelves (14.2x9.8in / 36x25cm) with an unobstructed surface ideal for organizing AV components (e.g., video conferencing devices or AV receiver) under or above a TV in a boardroom or office
- **HEIGHT ADJUSTABLE:** Shelves are height adjustable along the 13.6-inch (346mm) wall mount bracket, allowing the shelf height to be customized to the specific setup and accommodate various AV equipment sizes and configurations
- **DURABLE DESIGN:** Supported by steel brackets, each shelf supports up to 15.4lbs (7kg) while remaining stable and secure; Aluminum wall bracket is sturdy and lightweight for easier installation; Tempered glass is more resistant to scratches and shattering
- **INSTALLATIE:** Bevestig de schapbeugel aan een enkele steunbalk of een betonnen muur (houtschroeven en betonankers zijn meegeleverd); Alle hardware voor installatie en een snelmontagegids zijn meegeleverd in de doos
- **KABELBEHEER:** Uitsparingen aan beide kanten van de muurbeugel voor een optimale positionering van de kabels; Vorgeboorde uitsparingen aan de boven- en onderkant bieden extra kabelbeheeropties
