

Desk Mount For 2x Vertically Stacked Monitors, Double 49", Total 70lb (32kg),  
C-Clamp, Quick-Release Dual VESA, Widescreen 16:9/Ultrawide 32:9, TAA

Productcode: H2MPV-MONITOR-MOUNT

This dual ultrawide display monitor mount is engineered to support up to two vertically stacked 49-inch 32:9 aspect ratio curved screens, providing an enhanced workspace for data aggregation and multi-window applications. The monitor desk mount is TAA-compliant.

With a total weight capacity of 35.3lb (16kg) per VESA mount, the vertically stacked mount provides a secure and stable solution for mounting heavy monitors whether they are standard (4:3), widescreen (16:9), and ultrawide (32:9).

Fixed C-clamp design fits desks ranging from 1 to 3.9 inches (2.5 to 10cm) thick.

The double monitor mount features concealed cable management running the cables inside the pole for an organized and clutter-free setup. The powder-coated finish enhances durability and aesthetics.

Detachable VESA plates feature a toolless quick-release mechanism, simplifying display installation and removal. The mount supports VESA 75x75mm and 100x100mm standards, making it compatible with a wide range of monitors.

The mount's adjustable design enables height adjustments along the 27.4-inch (69.6cm) pole. Each monitor can be tilted and swiveled up to +/-90° and rotated 360° for seamless switching between portrait and landscape orientations. Additionally, the monitor mounts can be rotated around the pole without requiring tools, offering maximum flexibility.
