

*Exceptional Transfer Speeds
for Professionals*

CFast 2.0 Card Reader | RDF2

Exclusively designed for professional cinematographers who pursue extreme transfer efficiency, RDF2 Card Reader supports the next-generation CFast memory cards. With the SuperSpeed USB 3.0 interface, RDF2 shows the exceptional transfer speeds, 10 times faster than USB 2.0 interface*. The compact and portable design allows the users to easily carry around with them from studio to the filming spot without adding any burden.

Exclusively designed for
CFast 2.0 memory cards

SuperSpeed USB 3.0 interface
Higher speeds, higher efficiency
