

# A400 RGB CPU COOLER

Durable, Colorful, and Exceptional

## Technical Design of Direct-Touched Heat Pipes

Attach the aluminum cold plate to the surface of a CPU directly, and it can constantly reduce the heat by passing the thermal energy to every fin.

## 4 Pure Copper Heat Pipes

High thermal conductivity can take the heat out of the CPU quickly.

Pure Copper Heat Pipes

120mm Fan

## 4-PIN Connector PWM Silent Fan

Automatically controls the fan speed according to the temperature of CPU efficiently and decreases fan noise.

**Fan Speed** 600 - 1800 RPM + 10% Improve the efficiency of heat - dissipation and bring the ultimate silence

**Airflow** 77CFM More air intake, more heat disappears

4 Pin Connector Design

256-Color RGB Ring Fan

## Black Top Cover Design

Attach the fan and the top of the radiator. It's beautiful, and helpful in dampening noise.

## Longer Lifespan

MTBF: 50000 hours

Add-On

An add-on ANTEC Golden Grease with professional formula brings better viscosity and heat-transferring efficiency, making your CPU way cooler!

## Easy Installation

Model Name		A400 RGB
Cooling Type		Air Cooling
Product Dimension		125 x 76 x 155 mm (DxWxH)
Fan	Type	PWM Fan
	Speed	600 - 1800 RPM + 10%
	Airflow	77 CFM
	Noise Level	20.3 db(A) - 34.5 db(A)
	Lifespan	50000 hrs
	Connector	4 - Pin
	LED Effect	RGB LED
Compatibility	Intel	LGA 775 / 1150 / 1151 / 1155 / 1156 / 1366 / 2011 / 2066
	AMD	FM2 / FM1 / AM3+ / AM3 / AM2+ / AM2 / AM4
Net Weight		748g
Gross Weight		861g
Package Size		166 x 105 x 215 mm (DxWxH)
