

Waterproof

The Adesso AKB-630UB keyboard has a waterproof design where water cannot penetrate due to a small protective box inside which protects the internal parts from any moisture or liquids. Accidental spills aren't damaging to the circuitry inside so you can still enjoy the keyboard for years to come!

Antimicrobial

Made with antimicrobial material which prevents the growth of harmful bacteria and protects against the buildup germs between washings.

Quiet, Membrane Key Switches

The Membrane Key Switches provide long lasting and durable action, smooth to the typists touch, and do not attract as much dust and grime as other keyboard switches. With the smooth quiet action of the membrane keys, you can input faster than you ever imagined smoothly and quietly with minimal clicking and noise.

Multimedia and Internet Hotkey Shortcuts

Control your media player and browse the Internet with just one key using the built-in Multimedia and Internet hotkeys for easy access to your favorite media or websites.
