When using ordinary mouse

When using Adesso iMouse E9

Made For Left-Handers

Back & Forward Buttons

Adjustable DPI Switch

Optical Sensor

■ Ergonomic Vertical Design Made for Left-Handers

Left handed? No problem! You can now enjoy our ergonomic vertical mouse design in your LEFT hand! This design provides better support for your forearm, minimizing wrist pain that can come from twisting. Our vertical ergonomic model helps you achieve a more natural grip, better support, and natural wrist position. With our sleek design and added support, the Adesso Vertical Ergonomic Left handed iMouse E9 is perfect for long hours of use.

■ Adjustable 4 Level DPI Switch (800 / 1200 / 1600 / 2400)

Attain higher precision and better accuracy with your choice of 4 DPI levels. From 800, 1200, 1600 and 2400 the easily-accessible DPI button lets you quickly switch between the various computer tasks you partake throughout the day.

■ Enhanced Optical Sensor

Optical sensor technology improves precision and even lets you work on most glass, wood, marble and leather surfaces without a need of mouse pad.

■ Back & Forward Buttons For Convenience

Two Internet navigational buttons, back and forward, are conveniently located on the left side of mouse to provide you with Internet browser control with minimal hand movement.
