

## **Mini-ITX PSU 200W NAS DC/DC – brings energy into your ITX case**

The compact design of this Mini-ITX PSU allows you to power your components even in tight cases.

A cable with socket and nut is attached to a matching hole on the case wall and is used to connect an external 12V power supply, which may have a power of up to 200W.

The board is equipped with the 24Pin main power cable, two strings each with 1x Molex connector, 2x S-ATA connector and one string with 1x 4Pin connector.

- ✓ Compact design (40x63x20mm)
- ✓ Supports power supplies up to 200W
- ✓ 24 Months Warranty

## Specifications
