

## COUGAR CGR-FZA85-ARGB Processor Luchtkoeler Zwart

**Merk :** COUGAR

**Artikelcode:** 3MFZR85.0001

**Productnaam :** CGR-FZA85-ARGB

COUGAR CGR-FZA85-ARGB. Soort: Luchtkoeler, Luchtstroom: 143,53 m³/uur, Maximum luchtdruk: 4,24 mmH2O. Breedte: 110 mm, Diepte: 135 mm, Hoogte: 160 mm. Kleur van het product: Zwart

| Prestatie                     |                                                                                                                                                                                                                                                                             | Energie                      |                   |
|-------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------|-------------------|
| Geschikte locatie *           | Processor                                                                                                                                                                                                                                                                   | Stroomverbruik ventilatie    | 2,76 W            |
| Soort *                       | Luchtkoeler                                                                                                                                                                                                                                                                 | Nominale netspanning         | 0,23 A            |
| Supported processor sockets   | LGA 1150 (Socket H3), LGA 1151 (Socket H4), LGA 1155 (Socket H2), LGA 1156 (Socket H), LGA 1200 (Socket H5), LGA 1366 (Socket B), LGA 1700, LGA 2011 (Socket R), LGA 2066, Socket AM2, Socket AM2+, Socket AM3, Socket AM3+, Socket AM4, Socket AM5, Socket FM1, Socket FM2 | Fan voltage                  | 12 V              |
|                               |                                                                                                                                                                                                                                                                             | Gewicht en omvang            |                   |
| Geluidsniveau (hoge snelheid) | 31,68 dB                                                                                                                                                                                                                                                                    | Breedte                      | 110 mm            |
| Maximum luchtstroom           | 82,48 cfm                                                                                                                                                                                                                                                                   | Diepte                       | 135 mm            |
| Luchtstroom                   | 143,53 m³/uur                                                                                                                                                                                                                                                               | Hoogte                       | 160 mm            |
| Maximum luchtdruk             | 4,24 mmH2O                                                                                                                                                                                                                                                                  | Gewicht                      | 1,15 kg           |
| Ventilatorlagertechnologie    | Hydrodynamische lager (HDB)                                                                                                                                                                                                                                                 | Maten ventilator (b x d x h) | 120 x 120 x 25 mm |
| Fan snelheid (min)            | 600 RPM                                                                                                                                                                                                                                                                     | Warmte pijpen diameter       | 6 mm              |
| Fan snelheid (max)            | 2000 RPM                                                                                                                                                                                                                                                                    | Snoerlengte                  | 200 m             |
| Design                        |                                                                                                                                                                                                                                                                             | Breedte verpakking           | 180 mm            |
| Kleur van het product *       | Zwart                                                                                                                                                                                                                                                                       | Diepte verpakking            | 180 mm            |
| Basis plaat materiaal         | Koper                                                                                                                                                                                                                                                                       | Hoogte verpakking            | 188 mm            |
| Aantal ventilatoren           | 1 ventilator(en)                                                                                                                                                                                                                                                            | Gewicht verpakking           | 1,65 kg           |
| Aantal ventilatorbladen       | 9                                                                                                                                                                                                                                                                           | Technische details           |                   |
| Aantal warmte pijpen          | 6                                                                                                                                                                                                                                                                           | Certificaten van naleving    | CE                |
