

## Chieftec CLC-360-VRM-BLK koelsysteem voor computers Computer behuizing Alles-in-één vloeistofkoeler 12 cm Zwart

**Merk :** Chieftec

**Artikelcode:** CLC-360-VRM-BLK

**Productnaam :** CLC-360-VRM-BLK

Chieftec CLC-360-VRM-BLK. Soort: Alles-in-één vloeistofkoeler, Ventilator diameter: 12 cm. Breedte: 396 mm. Kleur van het product: Zwart

| Prestatie                    |                                                                                                                                                                                                                                                                                          | Design                   |               |

| Soort *                      | Alles-in-één vloeistofkoeler                                                                                                                                                                                                                                                             | Waterblok materiaal      | Koper/plastic |
| Ventilator diameter          | 12 cm                                                                                                                                                                                                                                                                                    | Energie                  |               |
| Supported processor sockets  | LGA 1851, LGA 1700, LGA 1366 (Socket B), LGA 1200 (Socket H5), LGA 1155 (Socket H2), LGA 1156 (Socket H), LGA 1151 (Socket H4), LGA 1150 (Socket H3), LGA 2011 (Socket R), Socket AM5, Socket AM4, Socket AM3+, Socket AM3, Socket AM2+, Socket AM2, Socket FM2+, Socket FM2, Socket FM1 | Pomp voltage             | 12 V          |
|                              |                                                                                                                                                                                                                                                                                          | Pomp stroom              | 200 mA        |
| Maximum luchtstroom          | 64,72 cfm                                                                                                                                                                                                                                                                                | Fan voltage              | 12 V          |
| Pompconnector                | 3-pin + 4-pin                                                                                                                                                                                                                                                                            | Fan stroom               | 0,21 A        |
| Pomp motor snelheid (min)    | 1800 RPM                                                                                                                                                                                                                                                                                 | Gewicht en omvang        |               |
| Pomp motor snelheid (max)    | 2700 RPM                                                                                                                                                                                                                                                                                 | Breedte                  | 396 mm        |
| Fan snelheid (min)           | 500 RPM                                                                                                                                                                                                                                                                                  | Radiator breedte         | 12 cm         |
| Fan snelheid (max)           | 2200 RPM                                                                                                                                                                                                                                                                                 | Radiator diepte          | 2,7 cm        |
| Statische druk ventilator    | 3,06 mmH2O                                                                                                                                                                                                                                                                               | Breedte waterblok        | 9,78 cm       |
| VRM-ventilatorsnelheid (min) | 500 RPM                                                                                                                                                                                                                                                                                  | Diepte waterblok         | 8,83 cm       |
| VRM-ventilatorsnelheid (max) | 2200 RPM                                                                                                                                                                                                                                                                                 | Hoogte waterblok         | 6,8 cm        |
| Design                       |                                                                                                                                                                                                                                                                                          | Gewicht                  | 1,69 kg       |
| Kleur van het product *      | Zwart                                                                                                                                                                                                                                                                                    | Gewicht verpakking       | 2,75 kg       |
